

*Penafian:

1. Sumber data saham scripless (tanka wartak) berasal dari Sub Rekening Efek (SRE) pada C-BEST. Adapun sumber data saham scrip (wartak) berasal dari rekening wartak pada sistem eBAE.
2. Pada C-BEST, kepemilikan dihitung berdasarkan data SRE baik yang telah investor Identification (SID) maupun dari SRE investor yang belum memiliki Terhubung SID.
3. Pada sistem eBAE, data berasal dari pelaporan oleh Biro Administrasi Efek (BAE) atau Penerbit Efek yang menyelenggarakan administrasi Efek sendiri (BAE in House) ke sistem eBAE. Pada sistem eBAE terdapat rekening wartak khusus bagi investor yang belum memiliki SID.
4. Dalam hal terdapat data investor yang belum terdapat klasifikasi Lokal atau Asing, hal tersebut dikarenakan kepemilikan saham scrip (wartak) tersebut masih dicatatkan pada rekening wartak khusus, dimana belum terdapat informasi mengenai detil Lokal atau Asing.
5. Persentase atas Saham Hak Suara Multiple diperhitungkan dari jumlah kepemilikan saham bukan hak suara.

*Disclaimer:

1. Scripless share data is sourced from Securities Sub-Accounts (SRE) within the C-BEST system, while scrip share data is derived from script accounts held within the eBAE system.
2. Within C-BEST, ownership is calculated based on SRE data encompassing both investors whose accounts are linked to a Single investor Identification (SID) and those whose accounts have not yet been associated with an SID.
3. Within the eBAE system, data is sourced from reports submitted by Registrars (BAE) or issuers that independently administer their own securities (In-house Registrar) to the eBAE system. The eBAE system maintains dedicated script accounts for investors who have not yet been assigned an SID.
4. In instances where investor data has not been classified as either Domestic or Foreign, this is due to the fact that the relevant script share ownership remains recorded under a dedicated script account, for which Local or Foreign classification details have not yet been available.
5. The percentage of Multiple Voting Shares is calculated based on the total number of non-voting share holdings.
